Introducing the New...

Sermon Resource Library

*Life Changing Messages
for Print and PowerPoint*

Proven Messages
Resources for Pastors

The newly released CD, *Great Truths of the Christian Life, contains* messages carefully prepared to provide formats useful for almost any delivery style and presentation need. Each message can be printed in a convenient half page booklet, which folds and fits neatly in your Bible. The messages are ready to use or edited for printable outlines, quarterly style handouts or bulletin inserts.

The CD also contains 27 PowerPoint Sermons professionally designed for live dual display of detailed sermon notes for the speaker and high quality corporate style layouts by the lead designer from PowerPointSolutions.com

Dear Friend in the ministry,

My personal journey as a preacher of the gospel began in July of 1950 when my pastor allowed me to preach the closing night of a tent revival. For over fifty-two years I have preached throughout much of central and eastern United States and many nations of the world. Throughout my ministry my desire has been to help God-called preachers, missionaries, and Christian workers. God has allowed me to develop a Sermon Resource Library for just that purpose, drawing on the fruit of the many years of ministry.

Our new Internet web site, www.truthhelpers.com provides sermons you can download, print, and use in your ministry--*for free.* There are presently over 100 sermons on the site, and our goal is to increase this number into the thousands.

It is exciting to me that these sermons can be electronically translated into major languages of the world with a push of a button, making it possible for these messages to be accessed all over the earth.

For those of you using power-point in your worship services, we have invested in a new, professionally designed power-point sermon CD titled, "Great Truths of the Christian Faith". It is specially planned to complement your new Sermon Resource Library with 27 key messages plus a preview message on prophecy highlighting our next CD in the series. Each is fully prepared for a live PowerPoint video projection presentation.

A portion of the funds from each CD sermon series is used to support some of the most effective ministries I know. The balance enables us to fulfill our final legacy in ministry for Christ. Thank you for joining us in being... fellow-helpers of the truth.

Tom Berry
