Dear Faithful Partners in Ministry,

PASTORS AND WIVES CONFERENCE IN ROMANIA

There are no words to express how wonderful the Pastors and Wives Conference was!! **We are grateful to everyone that supported this wonderful event!**

There were many testimonies, here is one: "Dear Brothers and Sisters in Christ; we have been married for twelve blessed years and we have three boys. We have been in the ministry for six years serving in three baptist churches. We can say that we have had some hard times in the ministry because we also have regular jobs. I work in a security company and my wife in a factory. This means it is hard to find time for just us. After these days here in Felix, we can say that this is our second honey moon!! It was a very refreshing time in the Word of God and in fellowship with our fellow pastors. **Our hearts are full of joy and gratitude for this blessed time. May God bless you all for your sacrifice in making this possible.**" Daniel and Anna Scurt.

Because you cared, prayed and gave, these faithful servants of our Lord were encouraged

in ministry and blessed with Godly fellowship with like-minded pastors and wives.

TIMISOARA BAPTIST BIBLE INSTITUTE GRADUATION

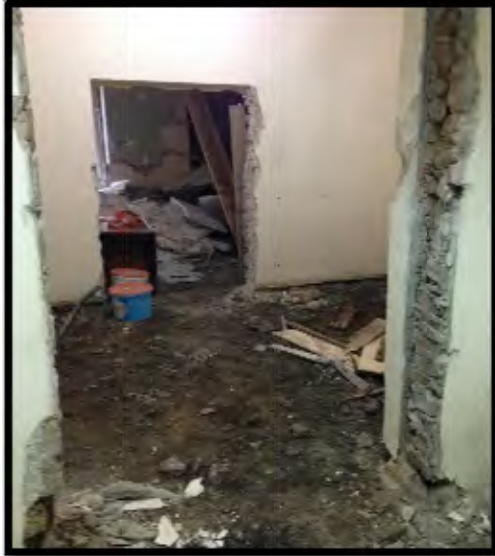

This year we had an exceptional graduating class! We witnessed that these young men are completely **sold out to the Lord** and want only to serve Him in the ministry in Romania. Some of them are going on to seminary in the fall but all are in service for our Lord!

"First of all I want to **thank God for calling me in His ministry.** I thank the Lord Jesus Christ for this **opportunity that I had to study at TBBI which helped me a lot in knowing God.** I also want to thank all who sustain and support this ministry. Concerning my future, I would like to be an evangelist. Please pray for me as I continue to serve the Lord." Florin Goiti.

This young man was a **professional soccer player** that came to the Lord because he saw the change in his families' lives after they came to Christ.

TBBI DON KYER BUILDING REMODEL

The work on the remodel continues with the contractor removing all the dirt down to the basement floor! **After the WWII Bunker was found the structural engineer said we had to remove all the dirt down to the original foundation.** The men are having to dig this out wheel barrel by wheel barrel! Each time they fill the dumpster it is 8 tons of dirt. **So far they have dug out 300 tons and still have more to remove.** After this has been completed, the walls have to be stabilized and the pillars have to be reinforced.

We need your continued support to complete this project so that the building can be used for additional dorms, the library and classrooms upstairs. The bottom floor will have two bedrooms, two bathrooms and a kitchen for visiting professors and short term mission teams from the US. **You are a vital part of this project being completed.**

"If ye have faith as a grain of mustard seed, ye shall say unto this mountain, Remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you." ~ Matthew 17:20
